# THE BRUSH ELIMINATOR

## APPLICATIONS

The Excavator Brush Eliminator Cutter is the perfect brush cutter for **jobs with intense growth, shrubbery, and thick surfaces**. It can maintain right-of-ways and handle overgrowth with precision. With such a premium tool in hand, you'll be one of the most efficient operators out there.

### **NOT RECOMMENDED FOR:**

- × Urban Environments
- × Suburban Homes Under One Acre of Land

---

## HOW TO USE BRUSH ELIMINATOR

- STEP 1:** Check your Brush Eliminator's blades to make sure they're free of debris or pieces of wood. Next, check your oil levels and controls to ensure your machine is in working order.
- STEP 2:** To use the Brush Eliminator, first, inspect the surrounding area. Do not engage your attachment unless you're in a place where debris won't harm anyone working nearby.
- STEP 3:** Attach the tree cutter's coupler to your device. Rut Manufacturing's attachments are quick attach compatible, and if needed, we can create a coupler that fits your machine. Once the attachment is secure, it's ready to work!

# WHAT OUR CUSTOMERS ARE SAYING ABOUT RUT MANUFACTURING

"I bought the Rut manufacturing brush eliminator for my Kubota kx040 excavator. Wow, this is the way to clear blackberries and brush up to 4-inch diameter in a hurry. Way to go Rut manufacturing! I will **definitely recommend their products and services.**"

Tom Vanderzanden

"I have been using Rut products since 2017 and I am more than happy with the quality of service and the products. Every time I call Ira he immediately hooks me up with what I need. I 100% stand behind my testimony of these guys!"

Houston Barnes
