

PRODUCT SPECS: EXCAVATOR BRUSH MOWER

Made in the USA by Rut Manufacturing

Maintain ponds, hillsides, ditches, and other hard-to-reach areas with ease with the excavator brush mower by Rut Manufacturing. This quality excavator attachment is designed to mow areas up to 42" and powers through brush, briars, and undergrowth with a diameter up to 2".

This attachment is a must-have for anyone with an excavator and a lot of land to maintain. Constructed with a 3/16 thick deck, 5/8 AR400 blades, and a 50 HP direct-drive gear bearing housing, this cutter will last you for years to come.

Starting at \$3,400, the Excavator Brush Mower by Rut Mfg offers the best value on the market.
